EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 19 through 50 have been cancelled.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art did not disclose or suggest a method of wrapping an item, comprising: providing a decorative wrapper comprising : a sheet of material having a first edge, a second edge, a first side, a second side, an upper surface, a lower surface, and a width comprising the maximum distance between the first edge and the second edge;

a first extension having a first edge, a second edge, a first width comprising the side, a second side, and a maximum distance between the first edge of the first extension and the second edge of the first extension, and the first extension having a decorative pattern or decorative effect, and wherein the width of the first extension is substantially less than the width of the sheet of material and wherein the first extension comprises a facing portion which is superposed upon the upper surface of the sheet of material;

Art Unit: 3643

a second extension having a first edge, a second edge, a first side, a second side, and a width comprising the maximum distance between the first edge of the second extension and the second edge of the second extension, and the second extension having a decorative pattern or decorative effect, and wherein the width of the second extension is substantially less than the width of the sheet of material, and wherein second extension comprises a facing portion which is superposed upon the upper surface of the sheet of material;

and wherein the first extension is attached via a seal to the upper surface of the sheet of material along only portion of the facing portion of the first extension whereby a majority of the facing portion of the first extension is left unattached to the upper surface of the sheet of material and wherein the first edge of the first extension is completely unattached to the sheet of material, and wherein the first side of the first extension is adjacent to the first side of the sheet of material and the second side of the first extension is adjacent to the second side of the sheet of material, and wherein the first edge of the first extension is below or flush with the first edge of the sheet of material;

and wherein the second extension is attached via a seal to the upper surface of the first sheet of material along only a portion of the facing portion of the second extension whereby a majority of the facing portion of the second extension is left unattached to the upper surface of the sheet of material and wherein the first edge of the second extension is completely unattached to the sheet of material, and wherein the first side of the second extension is adjacent to the first side of the sheet of material and the second side of the second extension is adjacent to the second side of the sheet of material, and wherein the first edge of the second extension is below or flush

Art Unit: 3643

with the second edge of the sheet of material and wherein the first extension and second extension are disposed on opposing ends of the sheet of material;

in combination with a first additional extension which at least partially overlaps the first extension and a second additional extension which at least partially overlaps the second extension and wherein the first additional extension has a first edge which forms a first additional upper peripheral edge in the skirt and the second additional extension has a first edge which forms a second additional upper peripheral edge in the skirt;

and disposing the decorative wrapper about an item to form a decorative cover about the item, the decorative cover comprising a skirt having a first upper peripheral edge comprising the first edge of the sheet of material, a second upper peripheral edge comprising the second edge of the sheet of material, a third upper peripheral edge comprising the first edge of the first extension and a fourth upper peripheral edge comprising the first edge of the second extension such that the decorative cover has an appearance of being constructed of two separate sheets of material.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
